首先在家裡的前園採摘枇杷、鮮花；然後自製襟花、設計花藝和擺送禮物；然後前往媽媽的家中——媽媽為我們準備豐盛的食餚、我為媽媽獻花、削水果吃——我們一起享用美味的午餐、拍照留念——大家共渡一個特別、溫馨而不一樣的居家抗疫「母親節」！🌹🎉🎊🎁🥰❤️

My mother and I own a skin care brand. When the pandemic hit and our customers were asked to shelter-in-place, we made the decision to add face shields, fabric masks, and essential oil hand sanitizers to our product offerings. Our employees are like family and we were so scared to lose anyone by laying them off or worse, losing them the disease. We didn't think we would ever be selling face shields or hand sanitizers because we specialize in beauty. However, our customers were desperate to find them because they could not protect their family. Our company is very fortunate to be able to keep all of our employees while providing quality products that bring peace of mind to our customers. In a moment of adversity like this, our team is choosing to stay positive and find opportunity. We hope this will help inspire other businesses, who are impacted by this pandemic, to know that there is a chance to pivot and it is not too late to save their business.
